

SAFETY RECALL

FISKARS® SMARTPOWER™ PROPANE STRING TRIMMERS

During use of these Trimmers, engine vibration can cause wear on the fuel line, leading to a propane fuel leak. The Straight Shaft Trimmers' propane canister can crack at the neck during use. In addition, high temperatures may develop near the Curved Shaft Trimmers' plastic cutting guard, causing the guard to deform and fall off. These issues pose burn, fire and laceration hazards to the user. This recall applies to the following products:

SmartPower™ Propane 4-Cycle Curved Shaft String Trimmer Model No. 67036946

SmartPower™ Propane 4-Cycle Straight Shaft String Trimmer Model No. 67016935

If you have a SmartPower™ Propane String Trimmer, stop using it immediately and contact Fiskars Brands to receive instructions on how to return the Trimmer for a full refund. Fiskars Brands will provide you with detailed instructions on how to prepare the product for return, along with a prepaid shipping container. Call Fiskars at:

(877) 495-6645
